

ACCOUNT RESEARCH BRIEF

BW Project Management

Project Management Consultancy · Santo Domingo, DR · bwpm.pro

Revenue estimated from 4 yrs in operation, 50+ projects delivered, PMI ATP + ClickUp partner status, and typical LATAM PM-consultancy benchmarks. Privately held; not publicly disclosed.

QUICK TAKE

Dominican PM consultancy founded 2020. PMI Authorized Training Partner and the **exclusive ClickUp Partner in RD** — a defensible distribution edge. 50+ projects across tech, retail, finance, airlines & banking; active in RD, Panama, Jamaica.

BEST ANGLE: Lead with the ClickUp/MS Dynamics 365 implementation pillar — their highest-margin, most differentiated offering. Generic PM consulting is commoditized; platform impl. is where they win.

GEOGRAPHIC DELIVERY FOOTPRINT

STRATEGIC SIGNALS · CURRENT POSTURE

ClickUp = Distribution Moat

Exclusive RD partnership gives them deal flow whenever ClickUp expands LATAM. Co-marketing leverage with a well-funded SaaS partner.

Training as Revenue Engine

BW Academy (PMI ATP) adds a recurring training revenue stream plus a top-of-funnel lead-gen channel. Common playbook for consultancies entering the “learn-then-implement” sales motion.

Cross-Border Reach for a 4-yr-old Firm

Active in RD, Panama, Jamaica plus remote-capable LATAM/global. Indicates either nearshore-export ambition or anchor clients with multi-country footprint.

Founder-Led, Small Team

Instagram following ~830, narrow leadership profile online. Decisions are likely fast; bureaucracy minimal. Good for partnership pilots, harder for very large RFPs.

ENGAGEMENT READINESS SCORECARD

Reachability		Active website, Instagram (@bwpm.rd), email-able
Decision Speed		Small founder-led firm; minimal bureaucracy
Partnership Openness		Already a ClickUp + PMI + MS partner — structurally open
Buying Power		Small consultancy budget; better as a partner than a buyer
Reseller Potential		If you have tools/services they can resell to clients — ideal
Scale Headroom		4 yrs in, 50+ projects, multi-country — ready to grow but not enterprise

KEY SIGNALS

- Distribution moat: Exclusive ClickUp Partner in RD = a channel relationship that’s hard for newcomers to replicate.
- Multi-platform implementer (ClickUp + MS Dynamics 365) opens cross-sell and co-implementation opportunities.
- Small-firm budget reality — better positioned as a *partner/reseller* than as a direct buyer of expensive tooling.
- Discovery gaps: exact team size, founder names & bios, anchor clients, real revenue, growth rate, M&A or capital raise plans.

RECOMMENDED APPROACH

BEST ENTRY POINT

Contact via bwpm.pro contact form, Instagram (@bwpm.rd), or LinkedIn company page. Warm intros via the ClickUp LATAM partner channel or PMI Chapter Dominican Republic land fastest.

OPENING HOOK

Frame as a **partner/co-sell** play, not a vendor pitch. Reference their ClickUp + PMI + MS positioning specifically. If you offer complementary tools or services their clients buy, lead with reseller economics, not list price.

DISCOVERY QUESTIONS

- 1

“Of the 50+ projects you’ve delivered, which mix has grown fastest — managed delivery, platform implementation, or BW Academy training?”
- 2

“Where is the ClickUp partnership taking you next — deeper in RD or expanding regionally through their LATAM channel?”
- 3

“What’s the biggest constraint on growth right now — finding certified PMs, lead flow, or scaling delivery without losing quality?”
